Devt Depts

Legislative Council Resolution — opening of a sugar cane farm in the Western taluks of the Bellary dt.

To Under Secy

Please see the Legve Council Qn and answer at p 7 of Sono 2306 dated 15-12-21. The Resn at p.1 supra ~~is forthcoming~~ pursues the question

2. It may be replied that the Sugar Committee have not recommended the opening of a circle (in the tract) farm as a matter of urgency and that the Govt will ~~take it up after~~ the more important recommendations are given effect to ~~Perhaps a copy of the Resn may be sent to Dr for remarks~~ DAIR

Cannot commit himself to a farm but here just at present D.A.I's opinion is that the recommendations of the Committee are far too excessive and much beyond the requirements of the Presidency. The only action now contemplated in the direction of opening new sugarcane stations is the

extention of the Anakapalle farm by about 30 acres at an approximate cost of about Rs 35000 Financial considerations ~~also~~ will not permit of our undertaking to do both more the sugarcane on uptodate and long deferred scheme for putting a paddy hulling station in Godavari Delta has had to be postponed for want of funds.
